

## Erinvale Estate Hotel

Nestling under the majestic Helderberg and Hottentots Holland Mountains, the Erinvale Estate Hotel offers the perfect Cape destination - whether it be for the best golfing experience contesting the estate's Gary Player International golf course, exploring the mountains and winelands (including historic Vergelegen on Somerset West's own wine route) or, of course, simply the need for fine accommodation during your visit to the Cape.

Erinvale Hotel is situated in a luxuriant garden setting amidst magnificent trees, manicured lawns and abundant flower beds. A visit to Erinvale will not be complete without experiencing the new dining concept in the stunning Blaskets Restaurant. The lightness and quality of the food is rooted through the sourcing of the freshest ingredients, organic where possible, and is reflected by the professional and passionate Restaurant Team.

The charming bedrooms, all en-suite and exquisitely furnished, form a courtyard around the sparkling pool and provide all the comforts to be expected of a superior hotel. The lower rooms and suites, having been built into the original stables with their side walls and wide portals, afford every facility; those situated on the upper floors have the additional benefit of high thatched roofs with skylights.
