

Selborne Hotel, Spa & Golf Estate

The Selborne Hotel, Spa & Golf Estate welcomes you to a very special lifestyle where all the cosmopolitan comforts and high standards of a refined and exclusive estate are only surpassed by the tranquil subtropical surroundings.

This sub-tropical retreat on the edge of the warm Indian Ocean is only 30 minutes south of Durban International Airport. A temperate climate and lush country setting ensure exceptional leisure.

Selborne is also famous for its large stately manor house and beautiful subtropical gardens that stretch to a private beach club that is only a few sandy footsteps to the beach. Woven around the natural rock and verdant indigenous coastal forest, the estate itself is home to duiker, mongoose, bushbuck and over 160 bird species and offers unequalled natural beauty and tranquillity.

Take up the challenge of one of the most spectacular golf courses in southern Africa . Wild coastal forest frames a superbly manicured course where the only disturbance may be one of nature's many creatures. Numerous water features demand accuracy but with the reward of breathtaking beauty at every turn.
