St Francis Links Golf - The St Francis Links Golf Course is a beautiful, yet challenging course that rewards all those who respect it. This course is special in that the fairways and greens are placed on top of sand dunes and so the course changes naturally over time. Excitingly then, no two games played are the same and golfers do not have the luxury of past experience and so require sharp mental and physical prowess. The quality and character of the St Francis Links Golf Course is consistent from start to finish, with the look and feel of the courses being reminiscent of centuries past.
